Total				47.2	182.0																

Temperature, humidity, wind, cloud, evaporation and rainfall observations are from Corryong Airport (station 082169). Pressure observations are from Khancoban AWS (station 072162)

Corryong Airport replaced the site in Parish Lane in early March 2006. Contact us to get data from the old site. Khancoban is several kilometres east of Corryong, so the pressures will sometimes be different.
