Temperature, humidity, wind, pressure, cloud and rainfall observations are from Moomba Airport (station 017123). Evaporation observations are from Moomba (station 017096)

Evaporation at this site is updated on a monthly basis. The closest sunshine station is Woomera, around 470 kilometres to the southwest. On a monthly basis, average daily sunshine at Moomba is similar to Woomera but there could be significant differences from day to day. See climate maps for average values.
