Temperature, humidity, wind, cloud and rainfall observations are from Lakes Entrance (Eastern Beach Road) (station 084150). Pressure and sunshine observations are from East Sale Airport (station 085072). Evaporation observations are from Bairnsdale Waterworks (station 084100)

The current site at Eastern Beach Road opened in June 2006; please contact us for data from the old site. East Sale Airport is about 100 km southwest of Lakes Entrance, so the pressures will sometimes be quite different.
