Temperature, humidity, wind, cloud and rainfall observations are from Bull Bay (Lauriston) (station 094166). Sunshine observations are from Hobart Airport (station 094008). Pressure observations are from Hobart (Ellerslie Road) (station 094029).

Hobart is 25 kilometres to the north, and its pressure will sometimes be markedly different from that at Bull Bay. Hobart Airport is probably a bit sunnier than Bull Bay on average.
