Temperature, humidity, wind, cloud, sunshine and rainfall observations are from Bicheno (Council Depot) (station 092003). Evaporation observations are from Swansea Post Office (station 092038). Pressure observations are from St Helens Aerodrome (station 092120)

Swansea is about 30 kilometres south-southwest of Bicheno, but its evaporation is included as a guide. St Helens is over 60 kilometres north, and its pressure will sometimes be markedly different from that at Bicheno.
