Highest		20.8	46.4	1.2	15.8		NE	50		33.1	90	8	WSW	11	1025.8	45.4	63	7	SW	19	1023.1
Total				3.0	166.9																

Observations were drawn from Melbourne Regional Office (station 086071)

Observations of wind and evaporation taken from this site are heavily influenced by the surrounding urban environment, so may not be representative of other locations in or around Melbourne. Because of this poor exposure, the wind sensor was deactivated in September 2009. For many uses, the composite 'Melbourne' location may be preferable.
