Total				61.4																	

Temperature, humidity and rainfall observations are from Busselton (station 009569). Pressure observations are from Busselton Aero (station 009603). Wind observations are from Busselton Jetty (station 009937)

The winds measured out on the jetty are on average stronger than in the town, especially overnight, but are provided to give a better representation of conditions for boating and other water activities.
