Temperature, humidity, wind, pressure, cloud and rainfall observations are from Jandakot Aero (station 009172). Sunshine observations are from Perth Airport (station 009021)

On most days Jandakot experiences very similar sunshine readings to those recorded at Perth Airport but the distance apart is such that there will be occasional exceptions. Some cloud observations are from automated equipment; these are somewhat different to those made by a human observer and may not appear every day.
