30	31 Bowen, Cardowan						

Note:

1. City/Town names in red are where the flood peak was associated with significant effects, for example notable inundation above floor level or near levee overtopping.

2. The date shown is based on the time of the peak river height. Flood effects are likely to have occurred before and after the dates listed above.

3. This list is based on the best information available to the Bureau as at 4/3/2011. Some flood affected towns may be missing from this list.
