

Denis Flett Bio

Denis Flett BE, FIEAust, CPEng, FAICD

Denis is a resident of the Goulburn Broken catchment and lives in Tatura, Victoria. He is married to Claire and they have 3 grown up children Sally, Sam and Laura. Denis is a Director of DG Consulting, a Board Director of Goulburn Valley Water, a Member of the South Australian Water Security Council and President of the Tatura Football Netball Club.

His roles conducted via DG Consulting include Chair of the Victorian Consultative Committee for the Northern Region Sustainable Water Strategy; and Chair of the Independent Audit Group for the Murray Darling Basin Authority (which audits jurisdictional performance in complying with the cap on diversions, meeting commitments under The Living Murray business plan and in responding to the Risks to Shared Water Resources program).

Denis was manager of the project which produced the Stocktake and Analysis of Australia's Water Accounting Practice which set the framework for the development of water accounting in Australia. He has been involved in the National Water Accounting Development project since its inception.

His previous roles include being the Manager, Rural Water, with Sinclair Knight Merz for 3 years, the foundation Chief Executive and a Board Director of Goulburn-Murray Water for 11 years and representing Victoria for 10 years on the Murray-Darling Basin Commission.
