Table of Contents

1 Water Informatics publications ................................................................. 5
   Hydrologists workbench (Project 1.2) .................................................... 5
   Australian hydrological geospatial fabric (Project 1.3) ............................ 7
   Water data transfer standards (Project 1.4) .............................................. 9
   Sustainable water information models (Project 1.5) ................................. 14
   Australian spatial research data commons (Project 1.6) ............................ 17
   Real-time water information systems (Project 1.7) .................................... 18
   Describing and transforming ad-hoc water data (Project 1.8) .................... 19
   Bedding-down the Geofabric: design, implementation and production of the Australian
       Hydrological Geofabric (Project 1.9) .................................................. 21
   SISS4BOM (Project 1.10) ....................................................................... 22
   Tools and documentation (Project 1.11) .................................................. 23
   WaterML2.0 ─ part 2, leveraging international standards (Project 1.12) ........ 24
   WIRADA II Informatics (Project 1.13) ...................................................... 25
   WIRADA II Informatics (Project 1.14) ...................................................... 27

2 Foundation data publications ................................................................. 30
   One-second continental digital elevation model (Project 2.1) .................... 30
   Precipitation & actual evapotranspiration projects (Project 2.2) ............... 32
1 Water Informatics publications

Hydrologists workbench (Project 1.2)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

Australian hydrological geospatial fabric (Project 1.3)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

Water data transfer standards (Project 1.4)

JOURNAL PAPERS

BOOK CHAPTERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

**CLIENT AND TECHNICAL REPORTS**

7. Taylor P, Valentine D; Walker G; Sheahan P; Pratt A; Dornblut I; Grellet S; Heidmann C; Wilhelmi J; Christian M; Gijsbers P; Natschke M. 2010. Harmonising standards for water observation data - discussion paper. Open Geospatial Consortium.

Sustainable water information models (Project 1.5)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

**CLIENT AND TECHNICAL REPORTS**

Australian spatial research data commons (Project 1.6)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

Real-time water information systems (Project 1.7)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

Describing and transforming ad-hoc water data (Project 1.8)

JOURNAL PAPER

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

Bedding-down the Geofabric: design, implementation and production of the Australian Hydrological Geofabric (Project 1.9)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

SISS4BOM (Project 1.10)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

Tools and documentation (Project 1.11)

BOOK CHAPTERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

WaterML2.0 — part 2, leveraging international standards (Project 1.12)

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

WIRADA II Informatics (Project 1.13)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

2. Nicholas J. Car, Robert A. Atkinson, Darren Smith (BoM), Mark Menzel (BoM) & Matthew Brooks (BoM) Geofabric monitoring points product model & service.

14. Taylor P; Sheahan P; Natschke M; Fry M; Blodgett D; Briar D; Hamilton S; Valentine D. WaterML2.0 - part 2: Ratings, Gaugings and Sections Discussion Paper. Open Geospatial Consortium.
WIRADA II Informatics (Project 1.14)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

**CLIENT AND TECHNICAL REPORTS**

2. Cox S. Capabilities and Status of the Linked Data Registry technology with recommendations on next steps for vocabulary management. 2014. EP148252.

10. Lowe D. TimeseriesML work and potential impacts on WaterML2.0 and WDTF 2.0.

2 Foundation data publications

One-second continental digital elevation model (Project 2.1)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

Precipitation & actual evapotranspiration projects (Project 2.2)

JOURNAL PAPERS

CONFERENCE PAPERS, POSTERS & ABSTRACTS

CLIENT AND TECHNICAL REPORTS

7. King E; Van Niel T; Van Dijk A; Wang Z; Paget M; Raupach T; Guerschman J P; Haverd V; McVicar T; Miltenburg I; Raupach M; Renzullo L; Zhang Y. Actual Evapotranspiration Estimates for Australia Inter-comparison and Evaluation. Water for a Healthy Country Flagship Report series. 151 pp.

8. King E; Paget M; Van Niel T; Bastiaanssen W; Briggs P; Guerschman J P; Haverd V; Li L; McVicar T; Miltenburg I; Raupach M; Renzullo L; Van Dijk A; Zhang Y. Actual Evapotranspiration Datasets for Inter-Comparison and Evaluation. Water for a Healthy Country Flagship Report series. 31 pp.
