## Floods in South Australia 1836 – 2005

RRP of \$79.95 (inc. GST) plus \$6 P&H.

This book and DVD package contains extensive information about floods in South Australia since European settlement. It is a unique presentation of information in both script and digital formats.

The book contains a chronology of floods in South Australia and the DVD contains:

- Startling videos of floods
- More than 800 still photos extending back over 120 years, and
- Remarkable digital presentation of interactive programmes to research flood occurrences

Send completed Form to: Bureau of Meteorology - History of Floods Project
