Temperature, humidity, wind, pressure and rainfall observations are from Larapuna (Eddystone Point) {station 092045}. Cloud observations are from St Helens Aerodrome {station 092120}

St Helens is 40 kilometres to the south, so cloud will sometimes be markedly different to that at Eddystone Point. Some cloud observations are from automated equipment; these are somewhat different to those made by a human observer and may not appear every day.
