Total				64.2																	

Temperature, humidity, wind, pressure and rainfall observations are from Larapuna (Eddystone Point) (station 092045). Cloud observations are from St Helens Aerodrome (station 092120)

St Helens is 40 kilometres to the south, so cloud will sometimes be markedly different to that at Eddystone Point. Some cloud observations are from automated equipment; these are somewhat different to those made by a human observer and may not appear every day.
