Total			31.8																		

Temperature, humidity and rainfall observations are from Stanthorpe Leslie Parade (station 041095). Wind and pressure observations are from Applethorpe (station 041175). Applethorpe is about 5 km to the north of Stanthorpe. The wind will sometimes be quite different at the two places, although pressure will normally be much the same. A similar set of observations from Applethorpe alone are also available on this site.
