Statistics for the first 12 days of February 2026

Mean																			
Lowest																			
Highest																			
Total																			

Temperature, humidity, wind, cloud, evaporation, sunshine and rainfall observations are from Lake Leake (Elizabeth River) (station 092019). Pressure observations are from Swansea (Francis Street) (station 092148)

Swansea is about 30 kilometres to the southeast of Lake Leake, so sometimes the pressure will be markedly different.
