Statistics for the first 18 days of June 2026																					
Mean																					
Lowest																					
Highest																					
Total																					

Temperature, humidity, wind, cloud, evaporation, sunshine and rainfall observations are from Lake Leake (Elizabeth River) (station 092019). Pressure observations are from Swansea (Francis Street) (station 092148).
Swansea is about 30 kilometres to the southeast of Lake Leake, so sometimes the pressure will be markedly different.
