| Total                                       |     |       |     | 0.0  |      |     |               |      |       |      |    |         |      |      |        |      |    |         |      |      |        |

Observations were drawn from North Shields (Port Lincoln AWS) {station 018192}  
Some cloud observations are from automated equipment; these are somewhat different to those made by a human observer and may not appear every day.
