

DD081 Design and Build Cookie Notification Banner

Status	Close
Decision Maker	Former user (Deleted) (Unlicensed)
Stakeholders	Unlicensed) Former user (Deleted)
Outcome	
Due date	07 Aug 2020
Owner	Unlicensed)

Background

Based on email correspondence with [REDACTED] from the Bureau's legal department, there is a requirement to "Section 22: excluded by applicant" and that "Section 22: excluded by applicant".

Please see email chain:

[External RE Australian Privacy Policy - Website Cookie information SECUNCLASSIFIED.msg](#)

Decision Criteria

- Is it currently available on the public website?
- Is it in the launch state IA?
- Is there significant business value to include these for launch state if currently out of scope?
- Effort required to do the design work?
- Effort required to complete integration for launch state?

It has been advised by [REDACTED] that this has high business value and should be included in development sprints.

Options

Pre-launch state, or post-launch state feature

Recommendation

UXD to provide design for the Cookies Banner (or direct Accenture team to the related design system component)

Accenture to incorporate Cookies Banner into development sprints.

Effort

Duplicate : Already included in the Alerts

Effort estimate for development work:

Effort estimate for testing work:

Action Items

- section 22: excluded by applicant to approve for inclusion into development sprint
